Além do detalhamento do projeto quanto a disciplina, especialização, objetivo, atividades, resultado, impacto e potencial para continuidade da colaboração com os pesquisadores norte-americanos, o programa de pós-graduação selecionado deverá informar sobre a

necessidade do pesquisador ter proficiência em outra língua além do inglês para o desenvolvimento e sucesso do projeto. A exigência de que o pesquisador se comunique em português poderá dificultar a busca por candidatos.

Após completado o formulário, será feita a análise das informações pela FULBRIGHT, que poderá solicitar ajustes ao programa de pós-graduação ou encaminhar o pedido de pesquisador norte-americano para as próximas etapas, a saber:

- Identificação de currículos de pesquisadores aptos a desenvolver o projeto;
- Encaminhamento dos currículos pré-selecionados ao programa de pós-graduação e solicitação para que os classifiquem pela ordem de preferência;
- Contato da FULBRIGHT com os pesquisadores indicados pelo programa de pós-graduação para confirmação de interesse e disponibilidade para a visita;
- Reunião de coordenação do projeto entre a FULBRIGHT, o programa de pós-graduação e o pesquisador norte-americano;
- Implementação do PAF através da assinatura do Termo de Outorga pelo pesquisador norte-americano e pelo programa de pós-graduação.

Host Institution Project Proposal
Fulbright Specialist Program
ANPOCS – Single Visit
(Sample form only)

About the Program

The Fulbright Specialist Program (FSP), part of the larger Fulbright Program, was established in 2001 by the U.S. Department of State, Bureau of Educational and Cultural Affairs (ECA). The program is a field-driven initiative in which foreign host institutions conceptualize and design projects of interest within an eligible discipline that represent a priority for their respective organizations. These projects are then paired with a highly qualified U.S. academic or professional, who shares their expertise and assists with strengthening linkages between U.S. and foreign host institutions. Participating foreign host institutions benefit by:

- Gaining global perspectives from experienced U.S. academics and professionals;
- Executing projects that require a rapid response or flexible timeline through short-term, year-round exchanges; and
- Building sustained relationships with individuals and institutions in the U.S.

Before beginning your application for the Fulbright Specialist Program please contact the Fulbright Commission in Brazil at specialist@fulbright.org.br for any questions concerning disciplines and activities, application deadlines, and required project components.
